

Coming from Cabo or La Paz on Route 1, at kilometer marker 110, turn into the main entry into Los Barriles at the “Barrels” entrance monument, then turn left at the T-junction by the playground. Follow the street all the way through town and across the “First Arroyo” dry riverbed. As you drive across the arroyo you will already see Casablanca on the right.

Continue past the arroyo, then turn right onto a dirt road opposite “Loncheria Las Cuates”. Continue to follow the road to the right and back towards the edge of the arroyo. Casablanca will be on your left. 4X4 vehicles can also turn right into the arroyo and follow the northern edge. Casablanca will then be on the left.
